

## **Yihong SUN, M.D., Ph.D., FRCS**

As a general surgeon, Dr. Sun is an outstanding expert in GI surgery. He is well known and acknowledged as one of leading GI surgeons in China, because of his pioneering works in the multidisciplinary and standardized treatment of GI cancers (especially gastric cancer), extensive training experience of GI surgery, and active involvements in international and domestic clinical trials.

Dr. Sun is the Chief of Department of General Surgery at Zhongshan Hospital and Professor of Medicine at Shanghai Medical College, Fudan University. He is currently holding memberships of numerous international professional medical organizations and societies, such as a fellow of the Royal College of Surgeons of England (FRCS), a member of Society of American Gastrointestinal and Endoscopic Surgeon (SAGES). Domestically, He is the secretary of Gastrointestinal Surgery Committee of Chinese Medical Science Academy. Regionally, Dr. Sun is the president of Gastrointestinal Surgery Committee of Shanghai Medical Science Academy.
